

Pure-Light Technologies Inc. has set aside:

- **A few more shares of PROFIT SHARING POOL #1**
- **3000 shares of PROFIT SHARING POOL #2**

They will be awarded as follows:

Profit Sharing Pool #1 (PSP#1)

- 1. 2 shares will be awarded for every 5 newly qualified Gold Club members in level 1*
- 2. 3 shares awarded for every 5 qualified* Gold Business Club members in level 1 by the end of June.*

Profit Sharing Pool #2 (PSP#2)

- 1. 3 shares awarded for every 20 qualified* Gold Business Club members in level 1 by the end of June.*
- 2. 20 shares awarded for every 100 qualified* Gold Business Club members in levels 1 through 5.*

These promotions are cumulative. For example:

If a member has been counted for any of the above promotions, they are included in all the others that they qualify for.

i.e.

If I have 40 qualified members in my level 1 I receive:

16 shares in PSP#1 (2 shares for every 5 members of 40 is 16)

6 shares in PSP#2 (3 shares for every 20 members of 40 is 6)

** (qualified = for 6 continuous months in program)*

There will never again be the opportunity to so easily earn shares in the PSP pools #1 and especially PSP pool #2. Once the 3000 shares in PSP #2 are tentatively awarded...they are gone, and the promotion will be over.

(Note: Qualified business program awards are tentatively awarded at the end of the promotion, but people must remain active in the business program for a minimum of 6 months to be permanently awarded.)

In addition, please note that anyone with a Canadian citizen in their upline or downline can get the following:

- **3 new Qualified Gold Club members during the month of June = commissions on 3rd level**
 - **5 new Qualified Gold Club members during the month of June = commissions on 4th level**
 - **20 new Qualified gold Club members during the month of June = commissions on 5th level + 10 shares Profit Sharing Pool #1**
